

Year 3 Red, 2011

At the beginning of the year we tried to learn about each other. We talked about our favourite things. Here is a picture of Kai and his favourite things.

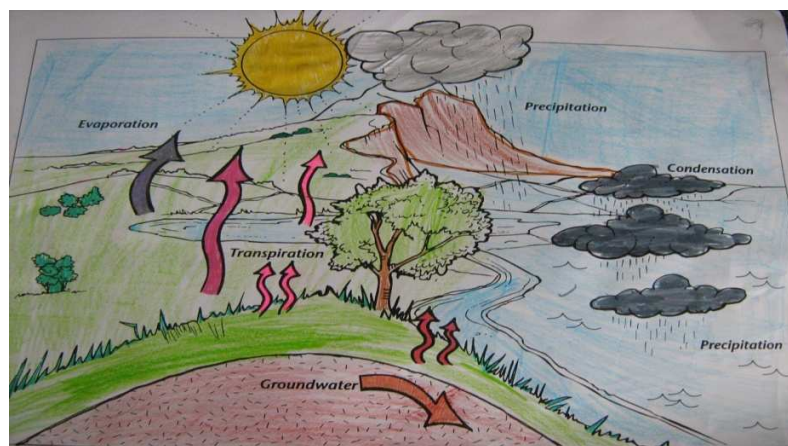

We also created our own passports. Here are the passport photos for Nicholas and Brianna.

In religion we have been learning about our feelings. Here is a picture of someone who gets scared in the dark.

For science we have been learning all about water. Here is a picture of the Water Cycle.

In English we've been working on Persuasive Texts. Here is Azeyah's persuasive poster about animals in need of rescue.
